## Bar Stools

|     |                                                                                                             |                                                                                                                                                                                                                                                                                                                                                                 |
|-----|-------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 012 | <p><u>Bar Stools</u><br/>Color for selection<br/>-White, Black, Red, Beige</p> <p>-40Dia x 84H (cm)</p>     |  Four bar stools are shown in a 2x2 grid. Each stool has a chrome-plated metal frame with a circular footrest and a circular base. The seats are solid and come in four different colors: white (top left), black (top right), red (bottom left), and beige (bottom right).  |
| 016 | <p><u>Bar Stools</u><br/>Color for selection<br/>-Silver</p> <p>-46 x 49 x 76SH (cm)</p>                    |  A single bar stool with a chrome-plated metal frame. It features a rectangular seat and a matching backrest. The frame is made of polished metal, giving it a silver appearance.                                                                                          |
| 013 | <p><u>Adjustable Bar Stools</u><br/>Color for selection<br/>-Deep Wooden</p> <p>-40 x 42 x 53-77SH (cm)</p> |  A single adjustable bar stool. It has a dark-stained wooden seat and a matching wooden backrest. The frame is made of polished metal, and the seat is mounted on a telescopic column that allows for height adjustment. The base is a circular, weighted metal footplate. |
